

Nuestra empresa **dom+ construcciones** comienza en el año 2003, en el año 2008 se incorpora el **dom estudio de arquitectura** encargado del área de diseño, arquitectura integral e imagen.

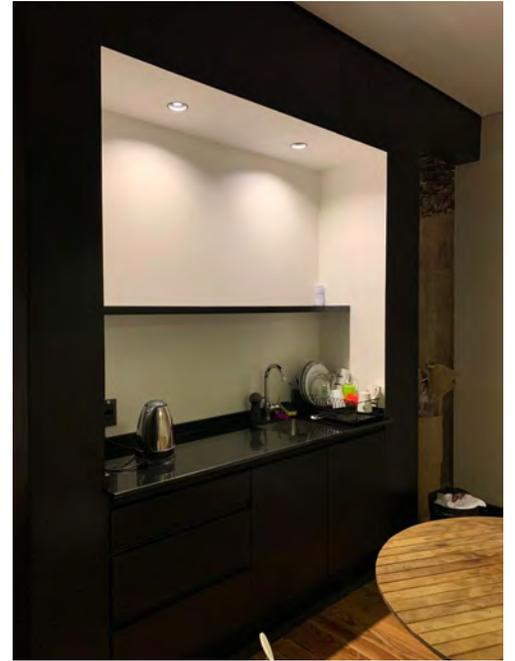

Intrgrado por Arq. Jean Fontan, Arq. Paul Fontan y Arq. Mauricio Denis. La formación de dicho estudio se realiza con el fin de brindarle al cliente un asesoramiento integral de modo de abarcar no solo los ámbitos de la construcción, sino también los proyectos arquitectónicos. Ambas empresas pueden trabajar en forma conjunta o independiente. Nuestra empresa abarca programas tales como: nueva arquitectura, interiorismo, proyectos ejecutivos, ejecución de proyecto “llave en mano”, reciclajes, ampliaciones, proyecto de inversión en construcción, gestión de emprendimientos inmobiliarios, asesoramientos técnicos y dirección de obras a estudios de Arquitectura.

Nuestro objetivo es brindar servicios de calidad atendiendo las necesidades e inquietudes de nuestros clientes, abordamos cada uno de los proyectos con el objetivo de superar las expectativas, siendo creativos, innovadores y con alta calidad técnica, atendiendo siempre los mínimos detalles.

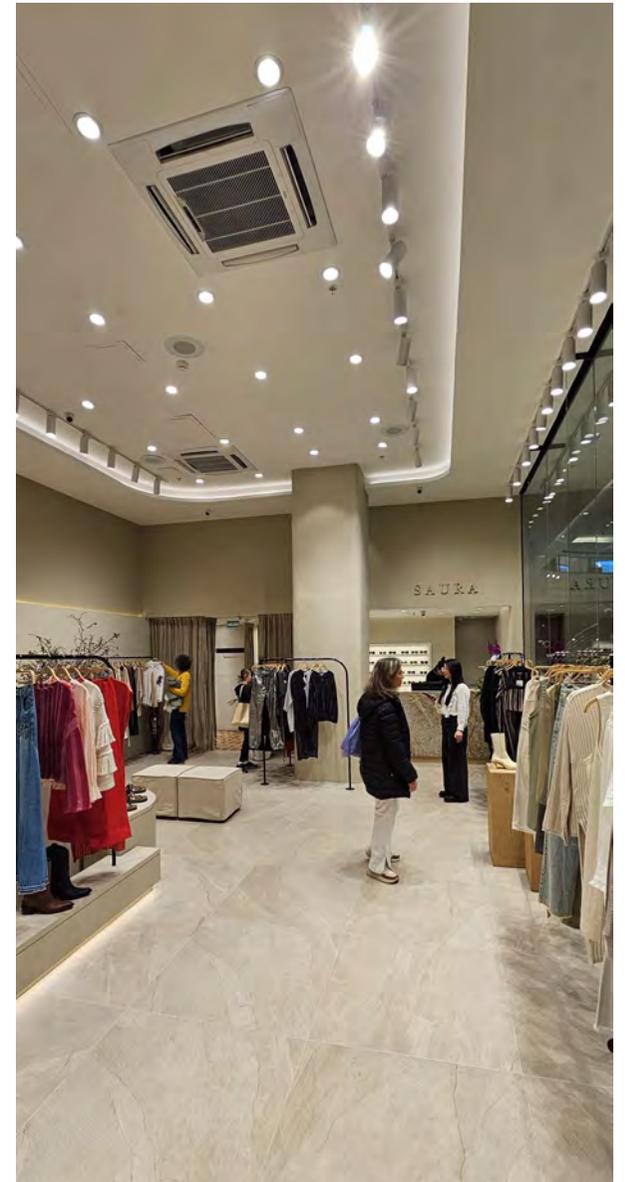

Entendemos el hecho arquitectónico como un todo global, el diseño, la arquitectura y la construcción deben complementarse, combinarse para así lograr el máximo potencial.
